PENSACOLA, FLORIDA, SUNDAY MORNING, OCTOBER 1, 1905.

PRICE, 5 CENTS

DEATH RATE IS VERY SMALL

Present Fever Fatalities in New Orleans Contrary to All Previous Records.

AVERAGE OF 4 A DAY

That Has Been Record of Deaths for September.

PHYSICIANS EXPECT TO ERADICATE THE DISEASE ENTIRELY BEFORE END OF OCTOBER—TENTH WEEK OF THE FIGHT WAS COMPLETED YESTERDAY.

By Associated Press.
New Orleans, Sept. 30.—Following is the official report to 6 p. m.:
New cases today, 31; total to date, 5,960.
Deaths today, 2; total to date, 338.
New fecal, 11.
Cases under treatment, 240.
Cases discharged, 2,372.

A Terrific Rain Storm.
New Orleans, Sept. 30.—A terrific rain storm that temporarily put many streets under water descended on the city today, but as the water was speedily carried off by drainage machines there was no let-up in the work of either the physicians or the inspectors.
The number of new cases again cause satisfaction to the authorities, and the death list is again a source of gratification, pointing unmistakably to the fact that the type of fever is mild.
From the beginning of August the physicians were in a state of continual suspense over the possibility that as in former years the fever would develop into a malignant form. Precisely the contrary has been true from the end of August to the present time. During the month of August there was a total of 228 deaths. During September there has been less than half of that number, or a total of 111, an average of but four per day. Normally, when no epidemic of fever is here, the number of deaths daily from all diseases average between eighteen and twenty.

A comparison with 1897 shows the fever was increasing at this time, a large proportion of the total deaths occurring in October, while now the fever is steadily waning, with a small mortality and every promise that it will completely disappear before the coming month has passed.

Today completes the tenth week of the fight against the disease.

IS RAPIDLY SPREADING THROUGHOUT MISSISSIPPI

Jackson, Miss., Sept. 30.—Following is the fever summary for the state today: Vicksburg, twelve new cases, two deaths; Hamburg three new cases; Gulfport two new cases; Mississippi City twenty-one cases; Hattiesburg one; Port Gibson two suspicious cases; Natchez four cases; Scranton three; Natchez seven.

ALABAMA QUARANTINES WHOLE STATE OF MISSISSIPPI

Birmingham, Ala., Sept. 30.—State Health Officer W. H. Sanders, after a consultation with the board of health, announced that Alabama quarantined against the entire state of Mississippi, the order to become effective at three o'clock this afternoon. This action is supposed to be the result of the recent spread of yellow fever in numerous Mississippi towns.

TERRIBLE TRAGEDY FROM INSANE MOTHER'S ACT

Kills Her Seven Children With an Ax and Sets Fire to Their Bodies.

OLDEST WAS NINE AND YOUNGEST WAS A BABE IN ARMS—WOMAN HERSELF DIED FROM INJURIES OF THE FIRE.

By Associated Press.
Rock Island, Ill., Sept. 30.—Mrs. Clarence Markham, of Cambridge, near here, in a fit of temporary insanity today killed her seven children with an ax, after which she placed the bodies on a bed, saturated them with coal oil and set fire to it. She was rescued but was so badly burned that she died soon after she had made a confession. The eldest of the children was nine and the youngest was a babe in arms.

LYNCHERS HELD IN HEAVY BAIL

South Carolinians Have Preliminary Examination on Very Serious Charge.

Special to The Journal.
Abbeville, S. C., Sept. 30.—The preliminary examination of John A. Asher, J. R. Moore, William Moore, Hugh Bowen and Sam Bigby, charged with lynching the negro, Allen Pendleton, September 17, was held here today. The judge admitted the men to bail, placing the bond at \$7,000.00 each, which was furnished.

MARSHAL SOLD GOATS IN POUND

ANIMALS BROUGHT FROM 45 CENTS TO \$1.70 AND SMALL BOYS WERE PURCHASERS.

Sixteen or seventeen goats and two small pigs were auctioned yesterday by Marshal Schadt in front of the city hall. These animals were gathered about the city by the "official" cow catcher, and put in the city pound, and were never claimed by their respective owners.

The auction sale had been advertised evidently among the small boys as there were about fifty of them present, of all sizes, shades, graces and temperaments. Each was prepared to make the purchase of a goat and when the cry of "how much am I offered" went up nearly all of them bid fifty cents—probably the extent of the "pile" of each.

The goats brought in about \$14.00, a great deal more than could have been realized at private sale. The cheapest goat went for 45 cent, while the dearest one was "knocked down" at the magnificent sum of \$1.70, and many small boys were made glad, and incidentally, many small goats were made unhappy.

FATHER TURNER GOES TO MOBILE

WILL BE SECRETARY TO BISHOP AND CHANCELLOR OF THAT DIOCESE.

The many friends of Rev. Father Patrick Turner, who has been in Pensacola, assisting Father Fullerton, for several months past, will regret to learn that he will leave tomorrow for Mobile. He has received a call to proceed there to act as secretary to the bishop and chancellor of the diocese. Father Turner has made a host of friends in Pensacola who are exceedingly sorry to see him leave. He will go first to Nashville and then to Mobile.

BAPTIST ASSOCIATION POSTPONES ITS MEETING

Owing to the existence of yellow fever, and quarantine regulations, the meeting of the Pensacola Bay Baptist Association appointed for Oct. 19, in Milton, has been changed to December 7. No doubt by that time the clouds will have passed away, and the meeting will be a successful one.

FURNISHES BIG BOND DOES MRS. COBB

She is Held Under \$10,000.00 Bond to Answer Charge of Murdering Her Husband.

Carnesville, Ga., Sept. 30.—Mrs. Amanda Cobb, who has been indicted on the charge of murdering her husband, came here from her home at Royston today and a motion was made for bail. Ten thousand dollars was agreed upon and the bond was promptly made. One member of the grand jury signed her bond.

LICENSES ARE BEING ISSUED

COUNTY TAX COLLECTOR ROBERTS WAS BUSY YESTERDAY WITH FISCAL YEAR WORK.

Tax Collector Roberts had a busy day yesterday issuing licenses for the year which begins today. The total number of licenses issued during the day amounted to 75, including four saloon licenses. The County Commissioners have granted 41 liquor licenses already and there are three or four more to be issued. This will give Pensacola 44 or 45 saloons. Evidently Pensacola people are of a dry sort.

EMPEROR WILLIAM CONFERS HIGHEST ORDER ON M. WITTE

By Associated Press.
Berlin, Sept. 30.—According to a dispatch from St. Petersburg, Emperor has conferred on M. Witte, Germany's highest order, the black eagle, and presented him with a portrait framed in gold and inscribed with the emperor's own hand.

PRESIDENT'S HOMECOMING

He Receives Great Popular Ovation on His Return to the National Capital.

MELODY OF CHEERS

Rang Forth from Crowds Which Lined the Avenue.

THE LARGEST OUTPOURING OF PEOPLE WHICH WASHINGTON HAS SEEN SINCE LAST SPRING'S INAUGURATION—THE PRESIDENT WAS DEEPLY TOUCHED BY POPULAR WELCOME.

By Associated Press.
Washington, Sept. 30.—Thousands of his fellow citizens turned out to welcome President Roosevelt to the national capital this evening and made his home coming the occasion for an ovation from the time he was sighted on the platform of his car until he passed within the doors of the white house. There was no band music, but the sweeter melody of the cheers of the assembled people made the air ring with hurrahs as the carriages passed slowly up the avenue.

The president was deeply touched by the welcome and especially by its spontaneity. "It was awfully kind of them to come out to greet me, and I was deeply, deeply touched by their welcome," he remarked to friends at the white house.
Not since the last inauguration day has Pennsylvania avenue held such a crowd as lined it this afternoon from the station to the white house. Accompanying the president were Mrs. Roosevelt, Ethel Kermit and Quentin, and also Secretary of State Root and Secretary of the Treasury Shaw.

CHOLERA HAS ABOUT RUN ITS COURSE IN GERMANY

By Associated Press.
Berlin, Sept. 30.—It is officially announced that one new case of cholera and no deaths are reported in the twenty-four hours ending at noon today. The totals to date are 256 cases and 87 deaths.

THE DETENTION CAMP TO BE ESTABLISHED MONDAY

GRAVES WILL RUN FOR THE U. S. SENATE

Eloquent Georgian Announces His Candidacy to Succeed Senator A. O. Bacon.

Special to The Journal.
John Temple Graves, editor of the Atlanta News, today announces his candidacy for the United States senate to succeed Senator A. O. Bacon, whose term expires in March, 1907.

TEACHERS CAN'T GET TO SCHOOLS

PRESENT QUARANTINE REGULATIONS INTERFERE WITH SCHOOLS IN COUNTRY DISTRICT.

Supt. Cook is having his share of trouble on account of yellow fever and the subsequent quarantine regulations. Many of the schools of the country are scheduled to open tomorrow, but it is doubtful if there will be teachers enough to go round.

Fifty-one teachers will go to work tomorrow, 39 white, and 2 colored; but there are still 15 white schools, requiring 18 teachers, and 7 colored teachers short.

Supt. Cook says he has a number of colored teachers for the country schools in the city, but on account of the quarantine they will not be able to report for duty for the present.

It is impossible to say how the matter will be arranged as yet, but there is nothing to do except to make the best of the situation.
It has been definitely decided, however, that the city schools will not open at least until November 1, when it is hoped that things will be in better shape in the city.

It Will Have 25 Large Tents and Will Easily Accommodate One Hundred Persons.

SURGEON CHAS. E. BANKS WILL HAVE CHARGE OF PLACE AND A RIGID SEMI-MILITARY DISCIPLINE WILL BE ENFORCED.

The detention camp has at last been established and it will be ready to receive occupants Monday morning.
The camp is near McDavid, on a government reservation, 33 miles north of Pensacola and 10 miles south of the Alabama line. It has been established by the Marine Hospital Service, under whose charge it will be conducted, and it is intended for the benefit of persons in Pensacola who desire to leave this city for points in states which have quarantined against Florida.

The period of detention will be one week. Applicants for admission to the camp must file their applications with Dr. Porter in this city and as fast as there is room for them they will be given permission to enter it. For the information of those desiring to avail themselves of the privileges of the camp, Mayor Bliss has issued the following notice:

Notice.

Surgeon Chas. E. Banks, in charge of the Detention Camp at McDavid, Florida, expects to have the camp open Monday noon for the reception of the first contingent of persons desiring to use it. He has requested the Mayor to give public notice as to the use of it by such as desire to leave Pensacola to seek safety elsewhere. It has been established by the Government for the necessities of the people of Pensacola, and owing to the restrictions of travel through other states, it is necessary that the most rigid discipline, semi-military in character, be enforced in order that the object of the camp may be realized without hindrance.

There will be 25 large walled tents accommodating four persons each, making the complement of 100 for each week's detention; these are enclosed by a double line of barbed wire fence patrolled by guards to prevent the departure of any inmate without permission of the officer in charge. At the end of seven days a certificate of health will be issued, providing the person remains in good health, and this will allow him to travel without further difficulty to any point.

The comforts of home life cannot be realized in this camp, and those who go in to it must expect to live a camp life pure and simple. It is located on a beautiful site surrounded by woods, and is remarkably free from mosquitoes. According to present observations there is plenty of good portable water on the place.

All infractions with the camp rules will be severely dealt with, and persons or persons making trouble will be returned to Pensacola under guard, and their cases dealt with as disturbances provoked in United States reservation.

Uses of the camp are advised to bring necessary toilet articles, and if possible a light roof of blankets for emergency uses if the nights are particularly cold or damp. Each bed has one blanket. There will be inspection twice a day by medical officers as to the health of the camp population.

With this understanding of matters in advance Surgeon Banks hopes that the object of the camp will be realized with the least possible friction and dissatisfaction.

CHAS. H. BLISS.

WORLD'S WALKING RECORD BROKEN

AN AMATEUR WALKS EIGHT MILES IN LESS THAN FIFTY-NINE MINUTES.

By Associated Press.
London, Sept. 30.—G. E. Larned, an amateur, beat the world's professional and amateur walking records for eight miles, at Stamford Bridge, doing the distance in 58 2-5 seconds.

NEGRO SLASHES LADY WITH RAZOR WITH TERRIBLE EFFECT

By Associated Press.
Little Rock, Ark., Sept. 30.—John Mayes, a negro, entered the residence of Mrs. Lehman Leob, mother of Jos. Leob, a prominent attorney of this city, this afternoon and when discovered attacked Mrs. Leob with a razor narrowly missing the jugular vein. She is in a serious condition.
At a late hour tonight several hundred citizens are congregated about the jail, where Mayes is supposed to be confined. Talk of lynching him is very strong.

DECREASE IN THE NEW CASES

Pensacola's Fever Situation Yesterday Slightly Improved Over That of Day Previous.

TAKE PRECAUTIONS

That is the Thing to Do Now if Spread is Prevented.

SUPERINTENDENT WILLIAMS AT POOR FARM IS AMONG LATEST FEVER PATIENTS—HIS CASE WILL BE CLOSELY GUARDED TO PREVENT INFECTION OF CHARGES AT FARM.

Following is the official summary of the yellow fever situation up to last night:
New cases, 14
Total cases to date, 153
Deaths yesterday, 3
Total deaths to date, 26
Total discharged, 61
Cases under treatment, 76

Fourteen new cases and three deaths is the yellow fever report for yesterday according to the reports of the physicians to the state health officer last night. This is a slight decrease in the new cases from the day previous.

The Deaths.

The names of the unfortunate who succumbed to the disease yesterday are:
Johannes Braecker, sailor, St. Anthony's hospital.
Wm. T. King, National Hotel, 120 E. Government street.
Lee McClenney, (colored), 112 E. Farragosa street.

The New Cases.

Those whose illness was reported by the health authorities yesterday are:
Mr. Williams, superintendent Poor Farm.
J. W. McMillan (colored), 504 E. Chase street.
Lizzie Barter, 1314 E. Jackson street.
Adele Pyvitz, 100 Florida Blanco.
Robert Touart, 108 Florida Blanco.
Jno. Moyer, E. Intendencia street.
Miss Ernestine Fordham, 216 E. Farragosa street.
Jas. W. Ely, 10th street and 22nd avenue.
Willis Savage, 307 Salamanca street.
Mrs. Steina Jacobson, 704 W. Main street.
Bosco Ginneppe, sailor, Italian Steamer Caprera.
Second Mate and two sailors of German ship Kaiser.

Must Take Precautions.

The number of new cases for yesterday is greater than was really expected. It tends to show that the disease is spreading and that additional precaution should be taken to fumigate, screen and not to allow stagnant water to remain about premises or in receptacles about the yard.

It is hardly probable that the list will be as large in the next two days, as there are but very few suspicious cases reported so far, and the people are taking more precautions than heretofore.

Cases on the Ships.

The three cases which were discovered aboard the German ship Kaiser yesterday were the natural result of infection from the other seamen who were taken sick with the fever a few days ago. It is possible that other cases will develop on board, although the ship has been twice fumigated and disinfected. The supposition is that nearly the whole crew were bitten by infected mosquitoes and very naturally more cases are looked for.

The case of the Italian sailor on board the steamship Copera developed yesterday, and he may be taken, to
